

Graduate Certificate in Construction Project Management

Course code: NTCP

Course Requirements

To attain the Graduate Certificate in Construction Project Management students will be required to complete:

- 48 credit points Core units

Students are required to enrol in all units for semester 1 and 2, and are not permitted to enrol in more than 48 credit points per semester as a full-time load.

Credit Points

A credit point is used to measure the study load for a unit. A standard unit consists of 12 credit points, with each completed unit's credit points adding up to meet your required total of credit points to complete your course.

EPM5620	Project Governance	Core	8WB1	12	FP	
EPM5740	Project Risk Management	Core	8WB2	12	FP	
EPM5760	Project Construction Management	Core	8WB2	12	FP	

Prerequisites

A number of units within the degree have 'prerequisites'. These prerequisites must be met before enrolment in the unit is permitted. Generally these prerequisites require the successful completion of a unit or units taken at an earlier stage in the course. Students should pay particular attention to these prerequisite requirements as failure to meet these can seriously hinder progression through the course.

Core

A unit that must be completed
